A. B. Spreckels to Transfer His Pretentious String to New Mexican Course—Intimation That Oakland Meeting Will Not Be Extended.

El Paso, Tex., January 11.—Rain falls infrequently hereabouts, and the great Terrazas Park course was not built in anticipation of a rainy season. Therefore, when there was a downpour this morning that made the adobe-like going slippery and uncertain and unlike anything the local racers have ever experienced, a radical change of form in the running was a natural result. The public found it so difficult to pick the winners that the layers for the first time during this meeting reaped a rich harvest. The disqualification of Wander, the best-backed horse in the fourth race, materially contributed to the enrichment of the ring. This was the principal feature programmed. Only four horses, one of the smallest fields of the meeting, tried conclusions. The start was unique in that it was the only bad one Mars Cassidy has been guilty of making in Mexico. Early Tide, the odds-on favorite, was quickly eliminated from contention by botching. Wander came from a long way back in the first quarter to contest the lead with the flying and vastly improved Al Muller. This pair ran like a team to midway of the stretch, where Wander began to force ahead and bore to the outside. The more Al Muller weakened, the more prominent was the tendency of Wander to crowd to the inside and the pair finally reached the finish directly under the judges' stand with Wander in complete control of the situation. On Garner's complaint of foul, the stewards promptly displaced Wander, leaving Al Muller first, Orbed Lad second and Early Tide, badly beaten off, third.

The defeat of Wood's promising juvenile, Frank Mullens, for which he had recently been offered a fancy price by Sterlin, was the sensational upset of the afternoon. It was generally attributed to track conditions, but close observers blamed it to incompetent jockeyship.

An important recruit to local racing arrived today from Oakland in the person of George W. Berry, manager for A. B. Spreckels, the multimillionaire breeder and turfman of California. Mr. Berry applied for stalls for thirty-three two-year-olds and seven older horses which he contemplates shipping here from Oakland. Only two stalls being available, a contract was immediately let for the construction of fifty additional stalls in order to accommodate the big Spreckels string, as well as a number of other intending shippers from Oakland after the close of the present meeting there, which Mr. Berry says may run only the sixty days originally scheduled.

## TAMPA MANAGEMENT RUNNING RING.

Puts on Four Books and Individual Layers Drop Out—Duration of Arrangement Uncertain.

Tampa, Fla., January 11.—Only four books, all controlled by the association, were in line this afternoon and the prices they quoted were of the tightest kind. According to General Manager Strode no other layers volunteered to draw in when they learned that the association intended putting on books. How long the present arrangement will prevail is uncertain. When the ring was an open one, bookmakers had ample opportunity to go on and, because they did not do so, it is now necessary to devise some means of deriving a revenue from the ring. The management did not benefit to any great extent by the ring operations this afternoon, for most of the winners were heavily supported. The only winner to score at lucrative odds was W. L. Hatch in the third dash. Incidentally he turned a form somersault as compared with his start of yesterday. Though fairly large fields went to the post, speculation centered chiefly on one or two of the starters in each instance, and resulted in a public judgment. Nettie Beresand, which looms up as of Oaks caliber, made her second start of the meeting and again scored the easiest kind of a victory over good opposition. She showed a high turn of early speed and never left the issue in doubt, Jack Laxson landing second place. Sir Cathey, which went unrun after his good race in the Louisville Derby last spring, made his winter debut in this race, but was palpably unfit, as was Ida May, holder of the American record for a mile and twenty yards. Anna Smith, Grace Knapall and Avelin were short-priced starters that cautioned home in advance of their opponents.

Canopian scored the narrowest victory of the afternoon, just getting up to beat John Garner on the post.

Gold Call was ordered withdrawn from the fifth race after betting had started because of lack of proper identification. His trainer, G. Getchen, will be suspended indefinitely by the judges for becoming abusive.

Jockey Davenport was fined \$25 by the starter for disobedience at the post, and jockey Kohn was suspended for ten days for a similar offense.

## PROSPECTS BRIGHT AT LOUISVILLE.

Louisville, Ky., January 11.—Matt J. Winn, who is here on a flying trip from Juarez, avers that the Juarez track is now on a healthy basis and he expects the sport there during the remainder of the winter to be equal to that at Jacksonville and Oakland. Important business affairs caused Colonel Winn to take the long trip to Louisville at this time of the year. He found it necessary to come home to shape up some personal matters and to look into the affairs of the New Louisville Jockey Club, of which he is the general manager. Few improvements will be necessary at Churchill Downs this spring. Colonel Winn reports that a majority of the horsemen racing at Juarez will ship to Louisville in the spring and it is certain that a high-class lot of thoroughbreds will be raced here.

"We will have some fine racing at Churchill Downs this spring," said Colonel Winn. "The most prominent owners in the country will ship their horses here and I feel confident that we will have applications for more horses than we can take care of. The list of eligibles to the Kentucky Derby shows that this important classic will bring out one of the finest fields in its history. Waldo is now being wintered at the track, and it is certain that he will be given a preparation for the race. He was one of the greatest two-year-olds in the east last season, and this alone shows that one good horse will be a starter. But that is not all, for Boca Grande, Fighting Bob, Joe Morris, Donau, The Pad, Captain Morris and a number of other promising racers will engage in a struggle for honors."

"We have everything straightened out at the Mexican track, and from now on I look for good results. We have experienced a lot of bad weather, which caused us to shut down for a time, but in one way it served us well, for it gave Secretary Davis time to get the track in good shape. It is now one of the best tracks in the country and fast time may be expected over it."

## AMERICAN THREE-YEAR-OLDS IN ENGLAND

Many Eligible to the Two Thousand, Derby and St. Leger, but Few Are Dangerous

Thirty-nine American-bred three-year-olds are eligible to start in the Epsom Derby of 1910. Of these, twelve are in this country and altogether unlikely to be sent over to take part in the world's most famous race. Now in England are Mr. Whitney's Blue Girl colt, New Castle, Sallie de Navarre colt and Yorkville Belle colt, Mr. Mackay's Troubled Waters, Truckee and Meddler—Vantage filly, Mr. Hitecock's Wyoming, Mr. Keene's Lyndon, Mr. Belmont's Merry Task, Astor II, and Hasty Pudding, these all being still American-owned candidates. This leaves sixteen in English ownership, of which it is questionable whether any, or at best more than one or two, will be given any consideration in connection with the Derby. The best in this list is probably J. A. de Rothschild's brown colt, Nankeen, by Kingston—Dominoes, which may develop into a good one. He started twice last year, won his first race and ran second to Greenback in the Clearwell Stakes at Newmarket, defeating among others Mr. Whitney's New Castle.

Nominations of American-bred horses to the Two Thousand Guineas of 1910 number twenty-eight and to the Doncaster St. Leger of 1910 are twenty-one. Mr. Keene's Lyndon, Mr. Belmont's Merry Task and Hasty Pudding and Mr. Mackay's Troubled Waters are in the Two Thousand, Derby and St. Leger. Mr. Whitney's only St. Leger nomination is New Castle, which was nominated by E. C. Cowdin before his sale to Mr. Whitney. The latter's four Derby horses are in the Two Thousand, as also are his Whisk Broom and Artless. John E. Madden made no St. Leger nominations, but made eighteen to the Derby, of which all but Beau Nash, Hampton Court, Newmarket, Naughty Boy, Levensington and Bulka have been declared out. None of those left eligible has shown form in this country suggestive of a future trip to England. His nominations to the Two Thousand were Sir Noddam, Bishop, Naughty Boy, Levensington, Beau Nash and Newmarket. Of these Sir Noddam and Beau Nash are dead and Levensington and Beau Nash had been sold from his ownership before the latter died.

Outside of Mr. Whitney's candidates there are none to hold out any hopeful promise of being able to carry off one or more of these great races. Mr. Keene's two-year-olds were great disappointments and all but Lyndon have been brought back to this country or sold. Lyndon was a big, overgrown two-year-old requiring time to mature, so he was given a chance and left at Beckhampton in the hope that he would develop into something worthy of a half-brother to Commando. Allowing that it is characteristic of the Meddler to improve with age, Mr. Mackay's Troubled Waters may have a remote outsider's chance. But in the sense of public form it is to Mr. Whitney's Whisk Broom and Sallie de Navarre colt that American hope must turn. They were proved good two-year-olds and may be better three-year-olds.

Below are given the American-bred eligibles to all three of the big races. It is quite probable that some of those in English possession have changed to owners other than those named here, but that does not detract from their right to start:

## ENTHUSIASTIC OVER FRENCH RACING.

H. M. Ziegler's Observations of the French Turf as Gleaned During His Recent European Trip.

Cincinnati, O., January 11.—H. M. Ziegler, who has just returned from a trip to Europe, talks interestingly of his observations of the French turf. In the course of an interview with the Enquirer he said: "I went a great many times to the tracks around Paris, such as St. Owen, St. Cloud, Auteuil and Maisons Laferrière. It is a splendid sport over there. The racing is conducted by the government, and the racing associations are allowed to make only five per cent. on their investment, the balance of the receipts going to the state. The plants are magnificent parks far superior from an artistic standpoint to anything in this country. None of the tracks has such large and elaborate grandstands as that at Belmont Park, for instance, but that is because the French race-goers do not seem to care so much for going into the stands. They prefer to walk about the lawns, which are large, well kept and beautiful. The very best class of people attend the races, and the sight is one never to be forgotten, with the ladies in gala costume and the gentlemen dressed in the height of fashion. I looked like a piker among the brilliant throng."

"All the betting is done by the pari-mutuel system, which is satisfactory to the public. Bookmaking is absolutely unknown, as we have it in this country. The interest in racing is general all over France, or at least in Paris. Every cab driver, boot-black, shopkeeper, everyone, in fact, seems to know as much about the horses in training as the men who follow the turf. It is a great national sport, in which every man takes an enthusiastic interest."

"Are the horses over there better than our thoroughbreds?"

"Well, I cannot honestly say that I think so. They run longer distances and carry heavier weights. Nearly all the races are at distances greater than a mile, and many are three or four miles. The French would laugh at the five and six-furlong dashes which make up so large a part of an American race program. The jockeys are much heavier than in this country, weighing from 150 pounds up, I should say. But I do not know that the horses are of any better breed than our own. Still, we have a vast amount to learn from the French and the English, too, in the manner of conducting race meetings. They take a keen interest in the spectacular end of the game, and do not make racing simply a quick chance to get your money down."

"All their tracks are on the turf, which adds to the beauty of their enclosures. The meetings are so conducted that they are always attended by the very best people. The admission fee at all the tracks is four dollars and they have an attendance of 15,000 or more on an ordinary day late in the season. I did not get to Paris in time to see any racing at Longchamps, where they have the big summer meeting and tremendous crowds. The latter part of the season is given over mostly to steeplechasing, which is a popular form of the sport, on account of its spectacular features. I understand that there is a movement on foot in France to endow racing and make it purely a government institution. A large and for that purpose has already been laid aside. When it reaches a sufficient sum, something like 100,000,000 francs, the income from this capital will be devoted to the maintenance of the tracks around Paris. Then it will not be necessary to depend upon the receipts from the gate and the betting, and the same high class of sport will be maintained, whether the attendance is large or small. They love the game as a sport, for its own sake, and they know how to conduct it better than we do in this country."

## RICH STAKES IN THE ARGENTINE.

In the English Racing Calendar of December 23 the Buenos Ayres Jockey Club advertises three of its stakes to be decided in 1910, which give a good idea of the prizes that are being won in the Argentine Republic. It is a remarkable season in the South American republic, for the reason that the races are a part of the centenary celebration, but the prizes are worth mention. Of the three stakes, two of 5,000 argentines each have already closed. The third, which is worth 10,000 argentines, the equivalent of \$50,000 to the winner, has a closing August 6. All three of the stakes are open to the world and it is altogether likely that had they been advertised in the United States they would have attracted some entries.

The remaining and richest stake of the trio is to close August 6 and it is to be run November 6. It is for the Carlos Pellegrini and is a mile and seven furlongs for entire horses and mares of all ages. The winner is to receive \$50,000, the second horse \$25,000 and the third \$25,000. For this stake the entrance is \$200, with an additional \$100 to start. There are two declaration dates of \$50 and \$125 each. It is a weight-for-age race and, under such conditions, many good ones, eligible for a chance with the best of any country, may be found in the United States, and it is possible that some entries may yet be made.

## CHINN SCORES A DOUBLE

KENTUCKY TURFMAN IN THE LIMELIGHT AT JACKSONVILLE TRACK.

Epidemic of Claiming Follows Several Races at Florida Course—Jockey Ural Added to List of Suspended Riders.

Jacksonville, Fla., January 11.—P. T. Chinn's colors were prominent at Moncreif Park this afternoon. The winners of the first two races were saddled by the well-known Kentuckian, while Pinte, another of the Chinn horses, was beaten a nose in the closing race by Cowen. In the opening dash, which was for two-year-olds, Colonel Chinn showed a handsome juvenile in Easy Life, a filly by Stalwart out of East India and when it came to the running, Easy Life did not belie her good looks. She figured in a game performance in beating the favorite, Tallahassee, after overcoming a lot of early interference in which she was jammed, bumped and knocked about. Easy Life ran straight and true when she finally settled into her stride, while Tallahassee was swerving all over the track and at the finish was close to the outer fence.

In the second race Colonel Chinn's Grandissimo beat the favorite, Son, by a neck at the end of a long and hard stretch drive. Jockey Powers had the mount on both of the Chinn horses and in each instance he was required to do his best to win. After Grandissimo's victory Joe Jones, in whose name the filly, Son, runs, boasted the winner. Colonel Chinn refuted by claiming Son and the latter is regarded as well worth the \$1,225 that she cost her new owner. There was another claim in this race when E. R. West, who was represented in the race by Miss Sly, took the poorly ridden Frank Purcell from Miss A. M. Marrone for \$925. Another claim came after Pinte's defeat. C. W. Powell, whose Oberon finished third, claimed Pinte, paying \$1,625 for the son of Ethelbert. He could have purchased the colt at a less figure at private sale, it is said. Joe Rose, which beat Takahira in the third race, was the only winning favorite. Takahira was well ridden by trainer Pangle's new jockey, W. Williams.

Joe Rose was the only easy winner during the afternoon. All of the others were forced to stand hard drives to win by small margins.

C. L. Harrison, owner of Waldo, was a visitor at Moncreif Park this afternoon. He came down from Pinehurst and will leave in a few days for Palm Beach, where he will spend a couple of weeks before returning north.

E. Stillman left tonight for Tampa with Heart of Hyacinth. There is fear that P. S. P. Randolph's good handicap horse, Patsy, will not survive. Two veterinarians, Dr. Keogh and Dr. McQueen, are in constant attendance. Even if Patsy should survive there is slim chance that he will again start at this meeting.

Jockey Obert has been granted permission to ride for his employer, F. J. Pons, but will not be permitted to accept outside mounts.

Further entry of the mare Centre Shot will be refused, as the mare is a confirmed bleeder. She will, however, be permitted to fill her stake engagements.

For an unsatisfactory ride on the horse St. Joseph, Jockey Ural was indefinitely suspended by the judges this afternoon. It is charged that Ural deliberately disobeyed trainer Mayberry's instructions.

Claud E. Jones and J. E. Cahill were the new layers who went on at Moncreif Park this afternoon. Among those who went off were Rod McMahon and W. Beverly.

E. W. Heffner, the well-known owner, is in bed with a badly lacerated side as a result of being hit by a large touring car on Monday evening. Report had it yesterday that his injuries were serious, but last night it was given out that he was not as badly injured as it was at first supposed, although he will be confined to his bed for some time.

George Sweeney, the Texas owner-plunger, today disposed of Abrasion to F. J. Pons for \$1,000 and O. K. Herndon to Martin May for \$1,400. Sweeney is said to be a big loser here.

There has been a decided improvement in track conditions. General Manager Brown has had many loads of clay placed on the backstretch, and a big roller has packed the going down until it has become hard and firm.

## GEORGE WALKER'S SUCCESS ABROAD.

Memphis, Tenn., January 11.—During the six years that he trained horses in Germany and Austria, George Walker, who is now in this country, won for his employers an aggregate of 3,300,000 marks in purses and stakes.

Two triumphs in the German Derby, a pair of victories in the Grand Prix of Baden and two Futurities of the German turf were won by Walker in the course of his work for the Weinberg Bros. Such valuable prizes as the Kaiser's Shield, a trophy offered by the German emperor, and other notable fixtures were won. Walker has a trophy-room well supplied with silver cups, tea sets, plates and other souvenirs awarded by the sentimental Germans to the winner of the horse.

Walker was the first American to win a German Derby. With Fels he won the German Derby of 1906, and repeated in 1907 with Desir. American jockeys and American assistants in almost every respect shared in Walker's success, as Willie Shaw had the mount on Desir, while Winnie O'Connor piloted Fels.

During the heyday of the western turf Walker won many turf events. He trained Derby winners for J. W. Schorr, winning the St. Louis Derby twice with Sam Phillips and Silverdale; the Crescent City with Meadowthorpe and Presbyterian; the Tennessee with Lieber Karl, and the California with Joe Frey. In 1896 he saddled the winners of more than 120 races, a feat which he followed up in 1897 with 118 successes.

## NOTES OF THE TURF.

R. L. Thomas' Polls is well fancied for the Derby at Jacksonville.

Billy Porter, a black colt by Sain out of Can Remember, in Barney Schreiber's Oakland string, has been seriously sick, but is now out of danger.

F. J. Pons is reported to have refused an offer of \$5,000 from a New Yorker for his two-year-old filly, Tallahassee, by the Commoner—Valeriana, whose winning races at Jacksonville stamp her as of uncommon merit.

Jim Gaffney, the cripple whose recent form led to the belief that he might continue to be a useful horse here throughout the winter, fell lame after his winning race of Saturday at Oakland and is likely to be on the shelf for a while.

W. G. Yanke will race his horses at the Louisville spring meeting and will then go east for a summer campaign on the New York tracks. He is interested with Colonel W. E. Applegate in a string of a dozen or more two-year-olds that are being wintered in Kentucky.

Winner—B. h. by Holstein—Follow (trained by D. B. Freeman).  
Went to post at 2:48. At post 4 minutes. Start good. Won easily; second and third driving. Follow moved into quick contention and drew out decisively in the stretch, but was tiring finally. High Street ran in forward and persistent pursuit throughout and finished wearing the leader down slowly. Comal set the pace to the stretch and quit badly. Deuce was gaining rapidly in the last quarter. Dr. Coleman loomed up momentarily on the stretch turn and quit. Tillinghast, away poorly, improved his position and was easing up in the last furlong. Lillian Ray showed early speed, but failed to stay. The winner was entered for \$300; no bid.  
Overweights—High Street, 4 pounds; Comal, 3; Max Nal, 4.

Went to post at 3:46. At post 1 minute. Start bad. Won easily; second and third driving. Wander, nearly left, quickly ran into contention for the lead and outstayed Al Miller decisively in a long final stretch drive, but finished losing out and was disqualified for fouling and placed last. Al Miller took a quick lead and set the pace for six furlongs, but tired in the closing drive. Orfed Lad trailed early, but closed up steadily in the last half and is promising. Early Tide beat the barrier and held a brief lead, but retired in the first quarter of a lap race.

WITH THIS EMINENTLY HANDY BOOK IN HIS POCKET any admirer of racing can readily answer almost any query that may come up concerning facts of racing in the past. Its equal has never been printed and, considering the topics it covers, it is an extremely inexpensive book.

## STAKE RACES OF THE YEAR 1909

For some years, at least, the days of stake races of great value have passed away so far as the sport in the United States is concerned. Still, racing is not dead by any means and here and there are indications of re-established confidence and prosperity. In the year 1909, 334 stake races were run in the United States, Canada and northern Mexico. It is quite probable that 1910 will bring about a slight increase over this number. In aggregate value to the winners the stakes of 1909 totaled \$650,050. This compares favorably with the \$1,162,255 of 1908 and the still more imposing stake race total of \$1,584,712 in 1907, but was the inevitable outcome of enforced getting down to bedrock in expenditures. The names, locations, winners, riders and values of the stakes in alphabetical order are here given. The asterisk (\*) indicates handicaps, dagger (†) selling stakes, and double dagger (§) steeplechase stakes.
